Seminar on CYBER SECURITY for MCA Students

For the academic session, January - June 2018-19, a seminar on Cyber Security was organized by Vivekananda School of Information Technology (VSIT) in VIPS.

Date: 16th March, 2018
Time: 2:00 AM – 4:00 PM
Course: MCA Students
Resource Person: Mr. Atul Rana, Information Security Officer , ABN AMRO
Bank
Amsterdam en, Nederland
Organizing Team: Dr. Meenu Chopra & Ms. Cosmena Mahapatra

Agenda of Seminar:

With an objective to educate students on cyber threats and how these can be mitigated. The field of Cyber Security faces new challenges and demands on a daily basis. This cybersecurity can also be explored as a career opportunity to IT students not to depend on only the programming jobs. What are the different forums that exist providing the security to this type of issues and roles of the council on cybersecurity and centre for internet security? The School of Information technology hosts these kinds of seminars to expose students to leading-edge issues, both theoretical and applied.

Profile of the Speaker:

Mr. Atul Rana, responsible for handling Incident for Security Operation Center and has been working on Identification and resolution of complex security incidents and vulnerabilities. He has been part of different teams to work on Customer On-Boarding for SIEM/Log Management Solution, Use Case Creation and Content Development, Responsibility Disclosure Verification and Global Perimeter Security change process. He also has worked with the blue team for verification of the vulnerabilities in the network
