Teachers Day Celebration

September 05, 2018

VSIT celebrated Teachers Day on September 05, 2018 with full zeal and enthusiasm. On this day, we gratefully remembered the great educationalist Dr. Sarvepalli Radhakrishnan, whose dream was that "Teachers should be the best minds in the country." Teachers Day is the day to honour the teachers who contribute maximum to the all round development of the persona of a student. It is a teacher who gives those wings and fins to fly, swim and move ahead in the fast competitive world.

With this thought in mind VSIT students presented their heartfelt gratitude and thanks to their teachers and mentors amidst the plethora of songs, music and dance. The melody of the music, the rhythm of the dance and the strings of instruments created a soulful environment. Following this, the teachers also came forward to express their views and thoughts, experiences and some unforgettable moments at VIPS.

The zeal and spirit of the students was really touching. Expressing their love and regards, MCA students spread much sweetness around with cake cutting.
