Discussion Quest

“The aim of the arguments or discussion should not be victory but progress”

Our best comes out when we have honest discussions, with this note, Vivekananda School of Information Technology (VSIT) organized an Intra department Group Discussion Competition Discussion Quest on 4th February 2022 at 1:00 PM on Online Platform MS Teams under the guidance of **Ms. Kanta Malik** and with the warm presence of about 100 students and faculty members.

The guest of honour and judge was Mr. Robin Chauhan, who is currently working in Germany as a frontend engineer in “Unit Plus”. He presented his viewpoints on the given titles and motivated our students to do well in their life.

The competition had three rounds. All three rounds had different topics of discussion.

The topic of discussion for round 1 was “75% attendance is too much for college students “. Some of the students had been eliminated after round 1. For the second round, the topic of discussion was “Can artificial intelligence replace human intelligence” and in the last round, the discussion was held about “Is social media destroying relationships?”.

The names and the result of the talented winners, who added spark to this competition, were:

First Position – Kaushiki Gupta and Shreshth Sharma

Second Position – Aayush Upadhyay

Third Position– Shubham Agarwal

Towards the end of the event, the event faculty coordinator, **Ms. Kanta Malik** showed gratitude to the guest speaker, participants and student coordinators to make the event successful. The competition ended on a very good note and received positive feedback from students.
